

Job Industries Inc.

0 to 20M+ Traffic From A Social Media Brand Awareness Campaign.

Our client's website held them back from the huge potential we saw in their business' marketing opportunities.

The new website we developed to be simple to use but designed with features in mind for retaining potential leads with abandoned form emails.

Shaibit also created a content strategy for social media that resulted in millions of views on multiple platforms resulting in a successful brand awareness campaign.

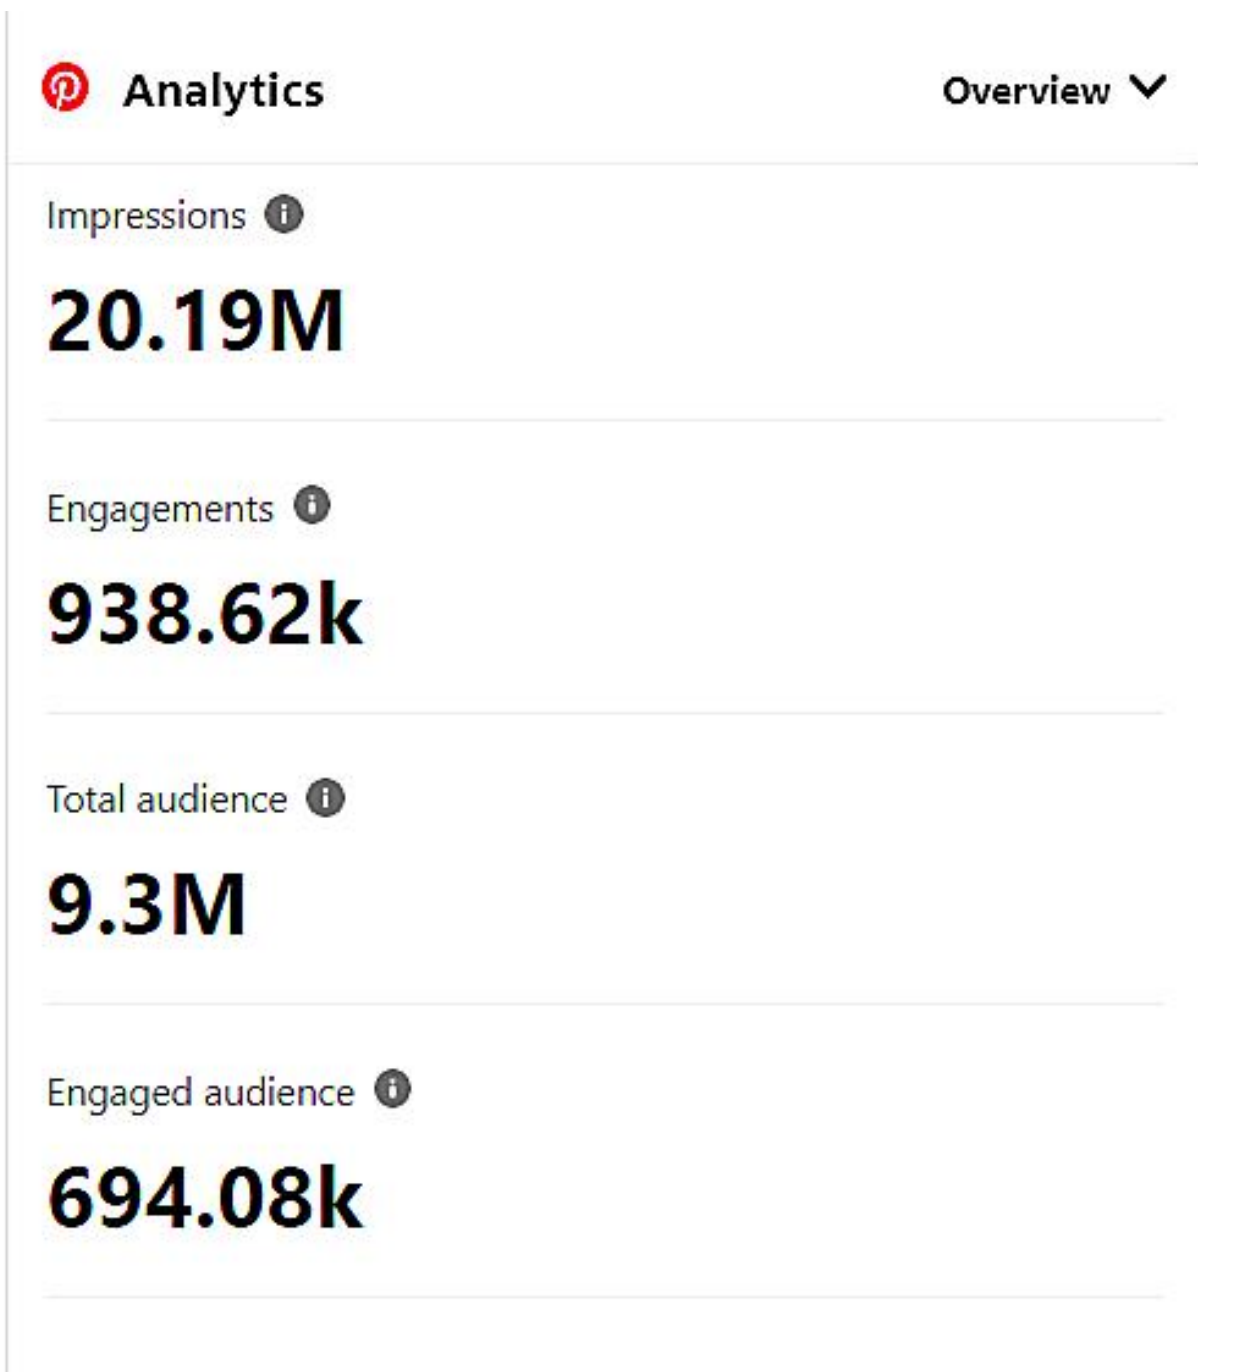

Job Industries Inc.

Goals

Job Industries Inc. wanted to gain more of an online presence to attract their target clients. They hoped to get **at least 1,000 Instagram followers** starting from 0 and to **grow their SEO presence 30%**.

Results

During this campaign, we managed to garner **6,000 followers organically** on Instagram, garner over **20 million views on Pinterest**, **Increase SEO by 582%**, and **reach #1 on Google / Bing Rankings for several keywords**.

Jab Industries Inc.

Strategy

We went above and beyond to exceed Jab Industries Inc's expectations. Not only did we rebuild their brand, but their entire digital presence. They were having trouble with leads interacting with the website, they didn't seem interested.

After this, we created an SEO-intensive strategy that allowed the company to gain millions of views almost overnight. Their brand awareness campaign helped them connect with larger prospects and work on bigger projects. So far, Jab Industries has worked with Raven Capital, BMW, Mount Sinai Hospital, NYU, Marriott, Hudson Yards, and more.

We utilize the power of SEO, keyword research, in conjunction with social media platforms to create a hybrid strategy with amazing results!

A great company that built my website and guided me along with the tools I need to maintain my own site. I am able to easily add pictures and text and have a store with a shopping cart! Always ready to answer any questions in a reasonable amount of time. These guys are great!

The Poshed Knot

Josh at Shaibit Solutions has been outstanding. I can't express how much I appreciate his advice, professionalism, and talent. I am ready to answer my questions, help me solve problems, and bring my business to the next level. His marketing strategies have helped transform how we do business. We look forward to long-term marketing services and highly recommend Shaibit Solutions.

News Magazine

Going into it, I had no idea of what to do or even where to start. They kept in communication with me from start to finish, came up with new ideas, helped solve problems, and gave me important tips for maximizing productivity and reach.

Working with Shaibit is a unique and authentic experience. Their approach with branding, collaborations, and brainstorming new ideas are the freshest I've yet to experience.

Absolutely Awesome Media

I was apprehensive about working with another web design company after being let down by three others. Totally put my mind at ease after speaking to Josh and the team here!!

Their professional attitude helped renew my trust and confidence in working with a company that actually sits down and takes time to listen to both your short-term and long-term goals.

I now have a website, logo, branding, and funnel that makes it easier for people to transition through, which will help onboard clients more efficiently.

I'll definitely be advising clients and friends to contact them, as well as utilize them on future campaigns!

The Perks of Shaibit

Growing your business is no easy feat. These are the perks of working with our digital marketing company, Shaibit Solutions.

Innovation

Shaibit Solutions goes to great lengths to innovate with purpose and maximize untapped potentials in the market.

Problem Solving

We consider ourselves problem solvers first and marketers second. Finding solutions to your problems is what matters most.

Experience

We have decades of combined experience in creating valuable solutions for businesses that want to grow.

Results-Oriented

Design is great, but without great results, it won't do much good. Shaibit does its best to help businesses grow with that in mind.

Support

We support our clients as they grow, and provide excellent customer service solving their biggest pain points and problems.

Efficient

Our efficiency has saved our clients time, money, and other important resources. We love finding ways to help customers maximize their savings.

The sky of success is
limitless.

Let's Grow Together
